

Assent/Consent

Intake Survey

Participants information. Age group, background, construction related knowledge, etc.

EXPERIMENT

Patterns

P1

P2

P3

'VR interaction' Stage

Select the most comfortable facade among 10 variations per pattern.

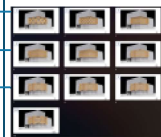

No

Were all 3
Patterns
evaluated?

?

Yes

'Screen-Based Ranking' Stage

Arrange facade variations according to personal judgments of complexity

'Post-Experiment Survey' Stage

- Professional Background
- Complexity perception

Brief Interview

Any additional factors that influenced their decision in complexity?
